11th November

Dear municipal authorities,

Thank you for your idea.

I ~~wa~~ would like to suggest a name for the new street. You are choosing a name of an outstanding person for that and I think you should ~~give~~ choose a name of Isaac Newton. He is one of the greatest scientists in the world. The design of this street should reflect the concept of his name. First he opened 3 laws which we call laws of Newton now. Besides he opened the theory of colour that's why I think the street should be bright and colourful. Also the new street should ~~be~~ have all urban facilities because the street with this name must be modern and comfortable. Moreover in the centre of the street commemorate statue of Isaac Newton should be. ~~Variants~~ <sup>options</sup> of embodiment of this plan can be different. I think ~~you~~ <sup>you</sup> can find and choose the best of all. possible options to do it. I hope that you approve my idea very much because Isaac Newton is very good scientist and he should have a street with his name in our city. That's all I wanted to suggest you. I hope you will choose the best ~~an~~ option how to call the new street. That's all.

~~With~~ With love,

Katya
